Knights Templar-A New Society-Heathen Chinese" Gamblers. San Francisco, Oct. 25 .- The State Grand Commander of Knights Templars will issue a circular to Commanderies in California, notifying them that a competitive drill will be held in this city April 19, 1884, and requesting them to

send a drill corps to compete for undis-tributed Conclave prizes.

It is proposed to establish a society entitled the United States Order of Inventors, with headquarters in this city. The object of the order is to protect inventors of the Pacific Coast; to provide increased facilities for obtaining patents, and to protect them from infringement. It will be a secret society confined to 250 members, supported by monthly dues of five dollars from each member.

CHINESE STRATEGY, SAN FRANCISCO, Oct. 25. - Sergean Birdsall and officer Travers planned a raid upon the lottery agency on the south side of Clay street, below Dupont, last night, and to throw the outside sen tinel off of his guard rode down upon car and made a sudden break for the entrance. Ah Yeck, the sentinel, a very stout and muscular fellow, pounced upon the sergeant and at the same time uttered the warning ery, "Li mon" (shut the door). The game was of course not captured, and Yeck was ar-rested for battery.

Mr. Joseph Birch, who has one of the cure for the wooly aphis, which has a long defied the orchardists. His remed is a plug of tobacco soaked in a gallo of hot water, and this is mixed with sol sop, to the consistency of paint and applied hot to the affected trees. Out of forty trees which were afflicted last year only four showed any sign of the pest this season, and these he believes he has cured. The remedy is well worth a trial by those whose orchards are infested.

### A SUCCESS!

We have every reason to be pleased with the unequivocal manner in which you have received our firm, and our substantial banking account for the week is a profitable solution to the question: Is

### HALE'S NEW STORE

A success? We have always built upon certain principles, and so far they have been unerring and the result highly gratifying. We have shaken off the old trammels of high figures; jumped right out of the old groove of second prices, and forever left those old beaten paths, and seeking, found a more healthy way of transacting business; leaving behind us the old fogy system, and with a determination to carve out a path for ourselves, our efforts have thus far been marked with signal sucess.

We look upon our advancement as a natural effect to a natural cause, and although the trade generally may cry out, "The men who have turned the world upside down have come hither also," and stand aghast at the radical way in which we do business.

But as for us and our house, we will serve the people; not by any means working for nothing, but we will put more work in less space, selling large at small profit, while others are endeavoring to secure a fortune by placing an incubus upon the purchaser which demoralizes both.

We may say in conclusion that we thank you very heartily for your practical welcome, and it shall be at all times our endeavor to retain the confidence with which Guests Entertained on either the you have honored us.

Very truly yours,

I invite the sick, no matter what their diseases may be, to call an investigate for themselves before abandoning all hope, for it will cost you nothing. I give n encouragement unless there is a fair prospect of making a cure. I will endeavor to be candid in my opinion, and reasonable in my charges, I claim not to cure everybody, but to cure all that can be cured. I am formerly from New York city, and a graduate of on of the best medical colleges in the United States, and a most thorough Electrician, and have had many years successful practice in the treatment of both acute and chronic diseases. To remove all doubts and convince my patients that I claim nothing but what I am, I refer to my diploms and the numerous recommendations in my possession, which will always be ready for inspection at my office. I HAVE NO ONE CURE-ALL! nor do I make a hobby of any one mode of treatment. I use electricity or medicines or both, as cases may require. I find he cause of disease, remove it, and nature, assisted by medicinal remedies properly applied, will promote a cure without fail. To THE LADIES.
